Would you like an expert assessment of your internal communications (IC) activities?

Complete this six-part questionnaire – it will take around 10 minutes – and you'll receive your IC health check report by email. The report will help you develop plans and improvements to internal communication inside your organisation, and help you decide where best to focus your attention and resources.

The questionnaire is in six parts. Each question is a statement. Please say how strongly you agree or disagree with the statement on a scale of 1 to 7, where 1 is strongly disagree and 7 is strongly agree.
